EFFECTIVE TODAY

Effective with this date all new Dodge Brothers motor cars will have as standard equipment 32x4 cord casings. This change is equal to a reduction of approximately \$200 in the selling price of Dodge Brothers cars and is in keeping with the policy of Dodge Brothers to make the purchase price of the car as nearly as possible the last expenditure.

Announcing Pre-War Price Level for the

MIPLEX RONER "THE BEST IRONER"

\$160

42-Inch Model

\$150

Deferred payments

\$1.00 a month extra

Prices include bench so that

Effective today, May 16, the price of the 46-inch Simplex Ironer is \$160, including a bench not heretofore supplied as standard equipment. Other sizes are relatively adjusted.

These adjustments set a new, accurate standard of value on ironing machines. They are made despite the fact that even during the orgy of high prices, the price of the Simplex Ironer increased only 18%.

For fifteen years the Simplex Ironer has been practically the only ironer made for home use. As the pioneer and leader, the Simplex is more than ever distinguished by extreme simplicity, positive safety, and above all by the Matchless Ironing Result it produces

You are offered, in the Simplex Ironer, a real investment opportunity. The Simplex will save time, labor and expense from the first day you use it. In a life-time of service the original cost will be returned yearly-not counting the comfort and satisfaction it constantly assures.

-Kill 'em by the Peck

Get something out of your garden besides exercise. Declare war on those big green worms-on hard-shell and soft red potato bugs - on plant lice and other garden pirates. Don't waste time with a paddle and pan. Wipe out the whole mess, with a few shots of Hofstra.

No Poison---No Danger

Simple—Easy to Use—And Sure

Poisons are dangerous to use on things you expect to eat; avoid them. You can cover a whole garden in a few minutes with a Hofstra gun. Simply shoot it in the air-in and around the plants. The clouds of powder float like smoke off a cigar. Spray with the breeze and it will carry a long ways—it isn't necessary to shoot it directly ON the bug. The job will be more thorough if you shoot it up underneath the foliage of

Is Certain Death to Flies, Ants, Roaches, Fleas, Mosquitoes, Bed Bugs, Chicken Mites and Many Others

Nearly all bugs breathe through their skins. The pure Pyrethrum in Hofstra, combined with corn starch and a secret chemical formula closes their skin pores. Its action is more effective by far, than ordinary Pyrethrum powder. Don't accept imitations. Hofstra is Guaranteed to do the work.
